Part A – Write two professional emails:

Email 1 — Write an email from a student to their professor requesting an extension on an assignment submission deadline. The email must follow all professional email rules.

Subject: Extension Request

Dear Professor

I hope this email finds you well.

I am writing to respectfully request an extension for the Assignment due on 25-03=26. Due to a heavy mid-term exam schedule, I am finding it difficult to complete the assignment to the standard I aim for by the current deadline.

Would it be possible to submit my work by 30=03-26 instead? I am committed to ensuring the quality of the submission and would greatly appreciate your consideration of this request.

Thank you for your time and for all the guidance you provide in [Course Name].

Best regards,

Sudhanshu Kumar

B.Tech CSE (AI & ML)

Email 2 — Write an email from a student to an internship coordinator at a company, expressing interest in a summer internship opportunity.

Subject: Inquiry: Summer Internship Opportunities

Dear co-ordinator

My name is Sudhanshu Kumar, and I am currently pursuing a B.Tech in Computer Science and Engineering with a specialization in AI and Machine Learning at VIT Bhopal University. I am writing to express my strong interest in a summer internship opportunity with Microsoft.

I have been following Microsoft's work in software development, and I am impressed by your recent projects. With a solid foundation in Python, data visualization, and linear algebra, I am eager to apply my technical skills in a professional environment and contribute to your team's goals.

Attached is my resume for your review. I would welcome the opportunity to discuss how my background in AI/ML and programming could benefit Microsoft this summer.

Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Sudhanshu Kumar
